

HOUSING  
ASSISTANCE  
CORPORATION

*on Cape Cod*

You are cordially invited on a tour of Housing Assistance Corporation's program sites to see how your contributions and support are helping to end the housing crisis on Cape Cod. Our guide will be Rick Presbrey, founder and CEO of HAC. We'll visit family and adult shelters, see affordable homes, and tour the sites of new developments.

On this beautiful peninsula hundreds of people are homeless, families cannot afford to purchase a home – or are losing their home to foreclosure – and seniors can't afford to pay their heating bills. Housing Assistance Corporation works every day to help open doors for those who face a housing crisis.

Please join us on the tour to see how your investment in HAC is making a difference.

**Wednesday, April 29**
